## WE MOVED TO THAILAND

Hello everyone! This is our first letter to you. We are now in Thailand, it was so nice to be back to this beautiful country. In the beginning of August we were busy with moving, packing and cleaning apartment. It was nice that we got to have a farewell party hosted by Steve and Anne Kristin, so we could have time to be with our friends in Stavanger and had a nice goodbye.

After that we got to have time with Pål's family before we travelled to Thailand. We landed in Bangkok on 23rd of August. We are ready and looking forward to see more of what God's going to lead us to.

## WHAT'S IN THIS MONTH?

- We moved to Thailand
- Our honeymoon
- What is God doing?

## OUR HONEYMOON

"REST BEFORE WORK" We had postponed our honeymoon trip until we got back to Thailand. It is amazing to be back and enjoy this beautiful country. We kind of combine honeymoon, holiday, quiet days and seeking God together in this trip. We had a very nice time and we enjoy talking to the people and asked them about their lives during the pandemic. People were so open and willing to share their story with us. We can see that people in Thailand now really need hope and comforting from God.

## WHAT IS GOD DOING?

God is on the move! We heard so many testimonies from our friends and from TCN that something had changed in the spiritual realm. People are more open to hear about God and many have come to Christ.

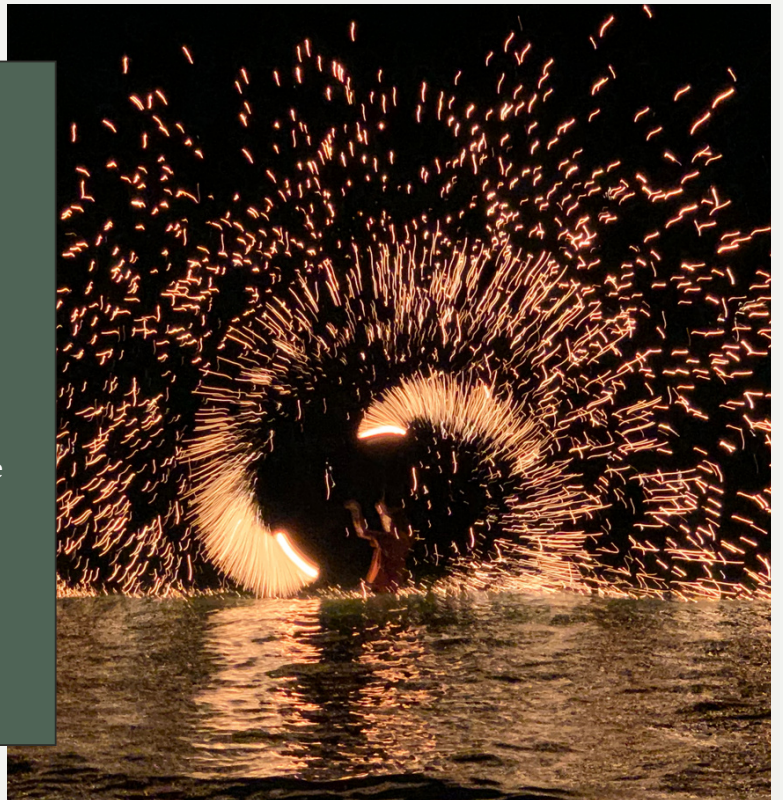

People long to come back home to the Father's house. People from different churches start working together and support each other, even though they are from different denominations. Revival is here!

## PRAYERS REQUEST

- We are going to visit Agendal churches on 12th of Aug, please pray that this visit will help us to have a stronger relationship with the churches.

- We are looking for a place to live. Pray for us to find a nice house and good place for us to feel home and rest.

- Pray for us to be able to adjust to the culture well and be the blessing for the people that God send us to.
